RE: Sacramento LAFCo Policies, Standard, and Procedures Update

RECOMMENDATION

Continue this item until staff can prepare a redline document that illustrates or summarizes the proposed changes made to the original policies.

DISCUSSION

Commission Counsel and staff have been revising LAFCo Policies adopted on May 5, 1993 to reflect various legislative changes related to Cortese Knox Hertzberg Reorganization Act of 2000. The changes are complete and have been put in an electronic format. Prior to Commission review, staff would like to try and develop a document that tracks these changes so the Commission can readily see the changes.

The changes largely reflect new and amended procedural requirements set forth in Cortese Knox Hertzberg. While the changes are not substantive, some of the sections have been consolidated and rewritten. The redline document would highlight these changes. We thought that we had this capability to view these changes; however, we realized that some of the earlier revisions were not included in the latest version; therefore we need additional time to incorporate the early changes.

Respectfully,

Peter Brundage
Executive Officer
